Programs** and  
services available

**Every patient** receives  
individualized specialty care

**Inpatient services**  
available at Children's Healthcare  
of Atlanta Heart Center

# Referral Information

---

## Appointment scheduling

Contact our Cardiac Call Center at 404-256-2593 or 800-542-2233 to make a patient appointment. Scheduling hours are Monday through Friday, 7:00 a.m. to 5 p.m.

Please provide the following to ensure prompt service of your requests:

- Patient's name
- Patient's demographics
- Parent or responsible party's name and daytime phone number
- Reason for visit or diagnosis code
- Insurance name and policy ID
- Physician's notes from patient's visit

## Referrals

We have created an easy-to-use form for you to complete and fax to **404-252-7431** to refer a patient.

## Insurance and medical records

Once scheduled, fax any documentation relating to the cardiac referral, including labs, EKG, ECHO, H&P or abnormal test results, to **404-252-7431**. Insurance companies may require written approval before a patient can be treated. In order to assist the patient's family and to ensure proper reimbursement for requested services, we ask that you:

- Make predetermination of active coverage, including network stipulations.
- Generate a referral request from the patient's insurance plan.

We accept all major insurance plans.

## Requests for diagnostic testing only

Contact our Cardiac Call Center at 404-256-2593 or 800-542-2233 to schedule noninvasive diagnostic tests.

When scheduling patients for noninvasive diagnostic tests, orders must be received before tests can be performed. Along with patient information, include the following in your order:

- Type of test to be performed
- Reason for testing (fax previous test results)
- Signature of ordering physician
- Return fax number

Fax all diagnostic test orders to **404-252-7431**.

---

## Contact us

We offer consultations 24 hours a day, seven days a week. At least two Sibley Heart Center Cardiology physicians are available 24 hours a day for patient care through our City Call Program.

Call **404-256-2593** or **800-542-2233** for immediate access to physicians and services.
